Quality, Our Tradition.

DELTO ROOF

— WHERE ELEGANCE MEETS ENDURANCE —

About Us

At Delto Roof, we pride ourselves on innovation, reliability, and quality craftsmanship. As a part of the esteemed SBS Group, headquartered in Assam, our flagship product, Delto Roof, stands as a testament to our commitment to excellence in the roofing sector.

Our Mission

At Delto Roof, we are dedicated to fostering innovation, ensuring unwavering consistency, and offering fair pricing, all while upholding the highest standards of professionalism in every interaction.

— WHY DELTO ROOF? —

Our Expertise

Benefiting from over 50 years of combined experience from our founders, our wealth of knowledge ensures that Delto Roof commands the delivery of tailored solutions to precisely meet the needs of its customers.

Regional Specialisation

With an extensive understanding of the unique challenges posed by the North-Eastern region of India, Delto Roof is crafted to withstand local conditions while meeting the aesthetic preferences of the area.

High Standards of Quality

Quality control measures ensure Delto Roof undergoes rigorous testing, guaranteeing durability and functionality.

State-of-the-Art Facility

Nestled in the heart of North Guwahati, our advanced facility is equipped with cutting-edge technology to manufacture high-quality roofing materials, including colour-coated sheets, accessories, and ceiling channels.

Operational Excellence

Count on us for timely delivery and exceptional quality. Our commitment to efficiency ensures that your roofing needs are met with the utmost precision and care.

Customer-Centric Approach

Your satisfaction is our priority. We take pride in offering personalised solutions and forging lasting partnerships with our clients.

ADVANTAGES

— EXPERIENCE THE EXCELLENCE OF DELTO ROOF —

Elevating standards through aesthetic excellence:

Our colour-coated sheets are designed to transform any space with vibrant colour and lustre. Our roofs elevate the aesthetic appeal of any architectural project, whether it be offices, warehouses, homes, or hotels.

Superior endurance for lasting performance:

Crafted with high-quality materials like PPGL sheets, Delto Roof is engineered for longevity. Enhanced with an Alu-Zn coating, it boasts remarkable corrosion resistance. It can also bear heavy loads with a high tensile strength that exceeds 550 MPa.

Weather Resistance:

Our roofing sheets are processed with modern technology, which makes them reliable protective solutions that withstand all weather conditions. Passing stringent quality tests, we ensure the best is delivered to our customers.

Superior paint for long-lasting colour:

Our colour-coated sheets are equipped with modern technology, guaranteeing that its vibrant colours last for years. With advanced paint coating, our sheets safeguard against UV rays, ensuring prolonged colour retention through specialised chemical treatment.

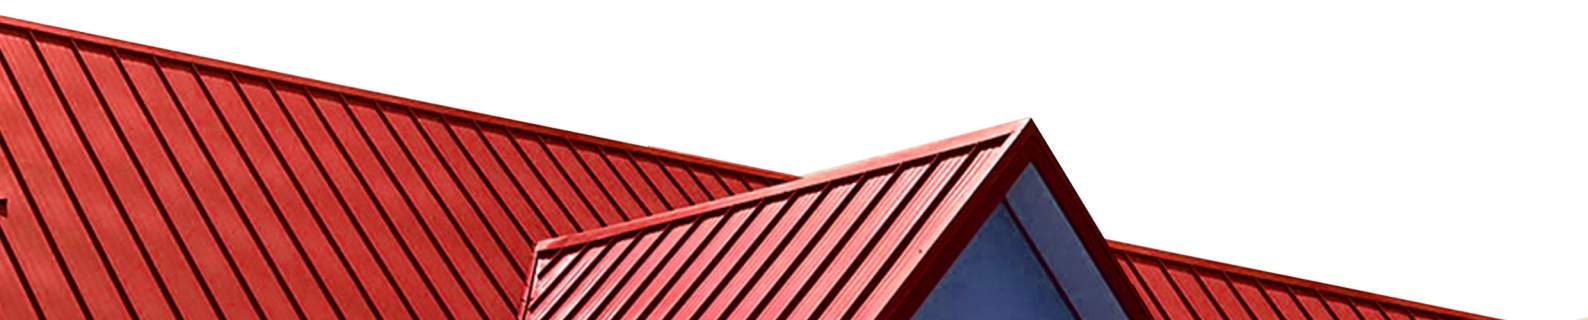

Energy reflective roofing sheets:

With the application of Alu-Zn coating, our roofing sheets effectively reflect the incoming sunlight away from the surface, contributing to the rapid cooling of your property. This energy-reflecting feature of Delto Roof helps to maintain a comfortable indoor environment while reducing the need for excessive cooling measures.

Eco-friendly choice for your premises:

At Delto Roof, our colour-coated sheets are crafted from environmentally-friendly materials, ensuring top-notch quality while minimising our ecological footprint. By utilising zinc as our primary material, we prioritise eco-conscious production, consuming less energy compared to other prevalent roofing options.

Choose Delto Roof for roofing solutions that blend impeccable beauty with unmatched quality.

CEILING CHANNELS

Discover our extensive range of products, designed to meet your ceiling and partitioning needs with precision and reliability.

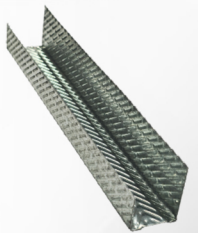

Ceiling Section

Our ceiling sections are engineered to provide robust support for suspended ceilings, ensuring stability and durability for your interior spaces. Crafted from high-quality materials, these sections offer superior load-bearing capacity and resistance to deformation.

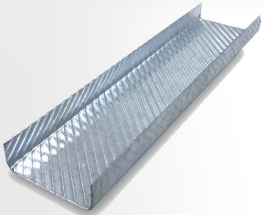

Perimeter Channel

The Perimeter Channel plays a crucial role in framing and securing the edges of suspended ceilings, providing a neat and finished look to your interior spaces. Our perimeter channels are meticulously crafted to deliver precise alignment and seamless integration with the ceiling system.

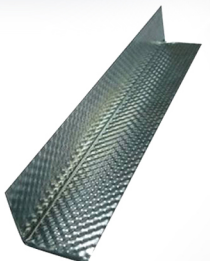

Intermediate Channel

Our intermediate channels are specially designed to connect and reinforce the ceiling grid, enhancing its structural integrity and longevity. Engineered for maximum performance, these channels ensure uniform weight distribution and secure attachment of ceiling panels.

Ceiling Angle

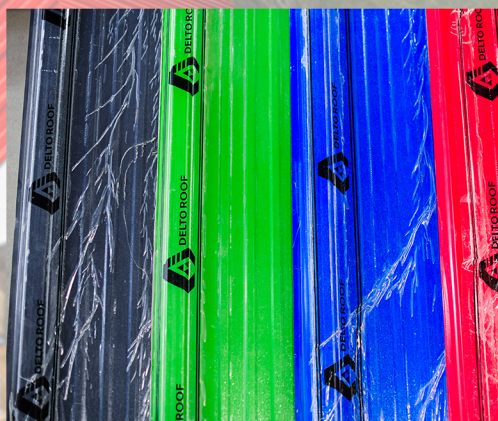

The ceiling angle is an essential component for suspended ceiling systems, providing a strong foundation for the ceiling grid. Our ceiling angles are manufactured to exacting standards, offering optimal strength and stability to your ceiling structure.

ADDING BEAUTY — TO EVERY ROOF —

Delto provides premium, exclusive products designed for both residential and commercial spaces. Beyond their exceptional heat resistance and leak prevention, these products enhance beauty with a variety of attractive colours and textures.
